**This month we are
discussing:**

**"Arrow's Flight"
by Mercedes Lackey**

This is the second book in the Heralds of Valdemar trilogy, continuing Talia's journey as a Herald. Having completed her training at the Collegium, Talia embarks on her first eighteen-month internship, patrolling the kingdom with her mentor, Kris. She faces challenges both external, like dealing with unrest and enforcing Herald's justice, and internal, as she navigates her own insecurities and the growing complexity of her relationship with Kris.

We will meet at Fitzgibbon Meadery every other month to discuss a new book, try some delicious wine, and meet some fellow book lovers. Each time we meet, it is only \$10 for your first glass of wine and a great discussion! There will also be alcohol-free drinks as an option as well! Must be 18 years old or older to attend.
